Gameplay Mechanics

Exploring Rooms

As you explore the dungeon, you'll encounter various rooms:

- Resource Rooms: Produce food, industry, and science.

Leveling Up Heroes

- Focus on Key Stats: Level up heroes based on their roles. For example, increase tank heroes' health and damage resistance.
- Equip Items: As you progress, collect items that enhance your heroes' abilities. Prioritize equipping items that complement their strengths.

Combat Strategies

When it comes to combat, having a solid strategy is crucial for survival:

1. Positioning: Place ranged heroes in the back to deal damage while melee heroes take on the front lines.
2. Ability Timing: Use hero abilities at crucial moments. For instance, save powerful abilities for when overwhelmed by enemies.
