1. Classic 1920s Bob

The 1920s bob is a straightforward yet chic hairstyle that can be achieved with medium to long hair. Here's how to create it:

Steps:

1. Start with clean, dry hair.
2. Use a curling iron to create soft waves, focusing on the ends.
3. Part your hair to one side for an authentic flapper look.
4. Gather the hair at the nape of your neck and secure it with a hair tie, creating a low ponytail.
5. Tuck the ponytail under and pin it in place with bobby pins.
6. Add a decorative headband or feather for that vintage vibe.

Tip: For a more authentic look, use a straightener to flatten the top of your hair before curling the ends.

2. 1930s Finger Waves

Finger waves are a timeless classic that can add elegance to any outfit.

Steps:

1. Start with damp hair; apply a generous amount of styling gel.
2. Create a side part.
3. Take a small section of hair at the front and use your fingers to create a wave by pushing the hair towards your scalp and pinning it in place.
4. Continue this process, alternating the direction of the waves.
5. Once all sections are pinned, let them dry completely.
6. Gently remove the pins and use a comb to separate the waves.

Tip: Set your waves with a light hairspray for a longer-lasting hold.

3. 1940s Victory Rolls

Victory rolls are playful and can be done in under 30 minutes!

Steps:

1. Start with dry, styled hair. For added volume, backcomb the hair at the crown.
2. Section the hair into two parts on either side of your head.

3. Take one section and roll it upwards towards your scalp, securing it with bobby pins.
4. Repeat on the other side.
5. Finish with hairspray and a decorative hair accessory.

Tip: For a more dramatic effect, tease the hair at the crown before rolling.

4. 1950s Poodle Cut

The poodle cut is fun and bouncy, perfect for a playful, vintage look.

Steps:

1. Start by curling your hair with a curling iron or hot rollers to create tight curls.
2. Once set, gently separate the curls with your fingers for volume.
3. Pin some curls at the top of your head to create height and frame your face.
4. Finish with hairspray to hold the curls in place.

Tip: Use a headscarf tied around your head for an extra vintage touch.

5. 1960s Beehive

The beehive is all about volume and drama.

Steps:

1. Begin with dry, straight hair.
2. Tease the hair at the crown of your head using a fine-tooth comb to create volume.
3. Smooth the top layer of hair back over the teased section.
4. Secure the hair in a high ponytail and then twist it into a bun or roll it into a beehive shape.
5. Use bobby pins to secure in place.
6. Finish with a generous amount of hairspray to hold the shape.

Tip: Use a hair donut for added volume if you find it challenging to create a beehive.
