Understanding Endtime Ministries

Endtime Ministries operates on the premise that the Bible contains prophetic teachings that reveal the future, particularly concerning the end of the world. The organization aims to interpret these prophecies and relate them to current events. This emphasis on prophecy makes it unique among many Christian ministries, as it actively engages with political and social issues through a biblical lens.

Core Beliefs and Teachings

The primary focus of Endtime Ministries is on several key doctrines, including:

1. **The Second Coming of Christ:** Endtime Ministries teaches that Jesus will return to Earth to establish His kingdom. This belief shapes the ministry's view of current global events as signs of the impending end times.
2. **The Role of Israel:** The organization emphasizes the importance of Israel in biblical prophecy, viewing the nation as central to God's plan for humanity. This perspective influences its political stance regarding support for Israel in international affairs.
3. **The Antichrist and the Great Tribulation:** Endtime Ministries teaches that a figure known as the Antichrist will emerge, leading to a period of great suffering known as the Great Tribulation.
