

escape first alchemist walkthrough

Escape First Alchemist is a thrilling escape room game that immerses players in a world of mystery and magic. As you step into the shoes of an alchemist, your goal is to solve intricate puzzles, uncover secrets, and ultimately find a way to escape from the enigmatic laboratory. This article will provide a comprehensive walkthrough for players seeking guidance on how to navigate the challenges presented in the game, ensuring an enjoyable and successful escape.

Understanding the Game Environment

Before diving into the walkthrough, it's essential to familiarize yourself with the game environment. The setting is designed to evoke a sense of wonder and curiosity, filled with alchemical symbols, potions, and various artifacts. Here are a few elements you need to keep in mind:

- **Interactive Objects:** Look for items that can be picked up or manipulated. These could be clues or tools that will aid you in your escape.
- **Puzzles:** The game is rich with puzzles that test your logic, creativity, and problem-solving skills. Each puzzle is interconnected, so solving one may lead to clues for another.
- **Time Limit:** Like many escape room experiences, you are usually racing against the clock. Maintain a sense of urgency without panicking.

Walkthrough of Escape First Alchemist

Now, let's break down the game into stages, providing tips and strategies to help you progress through each part seamlessly.

Stage 1: The Alchemist's Laboratory

Upon entering the alchemist's laboratory, you will be met with a series of strange items and symbols. Here's how to start your journey:

1. **Examine Your Surroundings:** Take your time to explore the room. Look for notes, potions, and odd symbols that may hint at the puzzles ahead.
2. **Find the Key Ingredients:** Search for three essential ingredients labeled on a nearby scroll: dragon's blood, phoenix feather, and moonstone. These will be crucial for the first puzzle.
3. **Combine Ingredients:** Once you have collected the ingredients, head to the alchemical workstation. Follow the instructions on the scroll to mix

the ingredients correctly.

Stage 2: Solving the Potion Puzzle

After successfully combining the ingredients, you will receive a potion that reveals hidden symbols around the room. Here's how to proceed:

1. **Identify Symbols:** Use the potion to illuminate various symbols on the walls. Take a picture or note them down for later reference.
2. **Match Symbols:** You will find a locked cabinet that requires a code. Match the symbols you found with the corresponding numbers to unlock the cabinet.
3. **Retrieve the Key:** Inside the cabinet, you will find a key that opens the next area of the laboratory.

Stage 3: The Alchemical Riddle

Once you unlock the next area, you'll encounter a large, ancient book filled with riddles and alchemical lore. This stage is crucial for advancing in the game.

1. **Read Carefully:** Take your time to read through the riddles. They often contain clues about the next steps you need to take.
2. **Answer the Riddles:** Write down your answers and check them against any mechanisms in the room. Correct answers will trigger new actions or reveal hidden compartments.
3. **Collect Artifacts:** Each correct answer may provide you with artifacts that will be useful later in the game, such as additional keys or tools.

Stage 4: The Elemental Challenges

In this stage, you will face elemental challenges that require you to use the artifacts you collected earlier. The challenges are based on the four classical elements: earth, water, air, and fire.

1. **Earth Challenge:** Use a shovel found in the room to dig up a hidden compartment. Inside, you'll find a stone tablet that is part of a larger puzzle.
2. **Water Challenge:** You will encounter a basin that needs to be filled with a specific amount of water. Use a measuring cup found in the lab to

solve this puzzle.

3. **Air Challenge:** Locate a fan or bellows and use them to direct air towards a series of symbols that need to be activated in the correct order.
4. **Fire Challenge:** Find a way to light a candle or flame using the tools in the room. This will reveal the final clue needed to proceed.

Stage 5: The Final Confrontation

With the elemental challenges completed, you will reach the final stage of the game. Here's how to wrap up your escape:

1. **Assemble the Artifacts:** Use the artifacts you've collected throughout the game to construct a device that can open the final door.
2. **Decipher the Final Code:** Refer back to the riddles and symbols you noted earlier. They will lead you to the final code needed to unlock the door.
3. **Make Your Escape:** Once you input the correct code and activate the device, the door will open. Congratulations, you've successfully escaped the alchemist's laboratory!

Tips for a Successful Escape

Completing Escape First Alchemist can be challenging but immensely rewarding. Here are some tips to enhance your experience:

- **Work as a Team:** If you're playing with others, communicate effectively. Share ideas and findings to solve puzzles more efficiently.
- **Stay Organized:** Keep track of the clues and artifacts you find. Use a notepad or your phone to jot down important information.
- **Don't Rush:** While time is of the essence, rushing can lead to mistakes. Take a moment to think through each puzzle.
- **Ask for Hints:** If you're stuck, don't hesitate to ask for hints. The game is designed to be challenging, and hints can keep the experience enjoyable.

Conclusion

With this comprehensive walkthrough, players should feel well-equipped to

tackle the various challenges within Escape First Alchemist. From solving riddles to navigating elemental puzzles, each step is designed to test your wits and creativity. Remember, the key to a successful escape lies in teamwork, observation, and a dash of alchemical magic. Good luck, and may your escape be filled with adventure and discovery!
