1. **Search for Clues:** Begin by examining the paintings and furniture for hidden clues. Look for anything that seems out of place.
2. **Puzzle Mechanism:** You may encounter a locked door that requires a code. Check the nearby

bookshelf for a clue that hints at the combination.

Tip: Communicate with your teammates about what you find; different players may notice different details.

Room 2: The Library

Once you solve the entrance puzzle, you'll gain access to the Library.

- Bookshelf Puzzle: A large bookshelf blocks your exit. You need to arrange a set of books in a specific order based on a riddle found in the Entrance Hall.
- Hidden Safe: Investigate the desk for a hidden safe that requires a key. The key can be found by solving the bookshelf puzzle.

Strategy: Divide the tasks among team members. While one person works on the bookshelf, another can search for the key.

Room 3: The Dining Room

The Dining Room is filled with opulence and a sense of foreboding.

- Table Setting Puzzle: The dining table displays a peculiar arrangement of cutlery. You need to rearrange the utensils according to a clue found in the Library.

1. Plant Identification: You may need to identify certain plants based on a botanical chart. This will unlock a drawer that contains a vital clue.

1. Combination Lock: The main exit is secured by a combination lock. You'll need to gather clues from all previous rooms to find the correct sequence.
