Types of Abyssal Sites

Abyssal Deadspace is divided into different tiers, each offering a variety of sites with unique characteristics. Understanding the types of sites available is essential for selecting the appropriate difficulty level and preparing your strategy.

Different Tiers of Abyssal Sites

Abyssal sites are categorized into three primary tiers: Tier 1, Tier 2, and Tier 3. Each tier presents escalating challenges and rewards:

- **Tier 1:** These sites are designed for new players and offer relatively easier enemies and mechanics. They are suitable for solo players and provide a good introduction to Abyssal mechanics.
