Understanding the CDL Requirements in Illinois

Before delving into the specifics of audio study guides, it's essential to understand what a CDL entails. The Illinois Secretary of State outlines several requirements for obtaining a CDL:

1. **Age Requirements:** Applicants must be at least 18 years old to drive intrastate (within Illinois) and 21 years old to drive interstate (across state lines).
2. **Knowledge Tests:** All applicants must pass a written knowledge test relevant to the type of vehicle they wish to operate.
3. **Driving Skills Test:** After passing the knowledge test, applicants must pass a driving skills test in the vehicle they intend to operate.
4. **Medical Examination:** A valid Medical Examiner's Certificate is required to ensure that drivers meet health and safety standards.
5. **Background Checks:** A review of the applicant's driving record and criminal history may be conducted.
