2. Set a Routine

Establish a consistent routine for using worksheets. This might be a daily practice for a specific time or a weekly review session. Routine helps children know what to expect and builds a sense of stability in their learning.

3. Make It Fun

Incorporate games and interactive activities alongside worksheet use. For example, turn sight word

recognition into a bingo game or create a scavenger hunt using vocabulary words. The more engaging the activity, the more likely children are to retain the information.
