Playing "Follow Through"

To play "Follow Through" effectively, it's important to focus on both the timing and the feel of the chords. Here are some tips to enhance your performance:

1. Strumming Pattern

Establishing a solid strumming pattern can bring the song to life. A recommended pattern for beginners is:

- D-DU-UDU (D = downstroke, U = upstroke)

This pattern creates a flowing rhythm that complements the song's emotional vibe.

2. Dynamics

Pay attention to dynamics while playing. Start softly during the verses, allowing the chorus to explode with energy. This contrast will draw listeners in and make the song feel more impactful.

3. Fingering Techniques

When transitioning between chords, try to use minimal finger movement. For example, when moving from G to D, keep your index finger in place, as it is used in both chords. This technique can help maintain the song's fluidity.
