The Definition of Grace

At its core, grace can be defined as unmerited favor or kindness shown to us by God, despite our shortcomings and sins. Unlike other forms of love or affection, grace is given freely and is not earned through good works or merit. Key biblical passages that illustrate this definition include:

- Romans 5:8 - "But God demonstrates His own love toward us, in that while we were still sinners, Christ died for us."
- 2 Corinthians 12:9 - "But He said to me, 'My grace is sufficient for you, for My strength is made perfect in weakness.'"
