Preparing for an Expedition

Before sending your heroes on an expedition, it's essential to prepare adequately to maximize the results.

Selecting the Right Heroes

Each hero in Guardian Tales has distinct abilities and strengths. Choosing the right heroes for an expedition can greatly impact the success of the mission. Consider the following:

- Hero Rarity: Higher rarity heroes often yield better results. Aim to include at least one five-star hero in your expedition team.
- Hero Type: Match hero types to the expedition's requirements. For example, if an expedition requires combat, include heroes with strong attack capabilities.
- Synergy: Some heroes work better together. Look for heroes whose skills complement each other to enhance overall performance.

Upgrading Your Heroes

Ensure your heroes are adequately upgraded before sending them out. This includes:

- Leveling Up: Use experience potions and other resources to increase your heroes' levels.
- Equipping Gear: Make sure your heroes have the best possible gear equipped. Items can significantly boost stats and improve performance.
- Skill Enhancements: Upgrade the skills of your heroes for added effectiveness during expeditions.

Managing Your Expedition Time

Expeditions take time to complete, and managing this time effectively is crucial for maximizing rewards.

Understanding Expedition Duration

The duration of each expedition can vary based on the mission type and the heroes assigned. Here are some typical time frames:

- Short Expeditions: Usually last from a few minutes to a few hours and are suitable for quick resource gathering.
- Long Expeditions: Can take several hours or even a day to complete but often yield more significant rewards.

To make the most of your time:

- Plan Ahead: Always queue up expeditions before logging off for the day.
- Utilize Buffs: Some items or skills can reduce the time needed for expeditions or increase the rewards received.

Rewards and Resource Management

The rewards you receive from expeditions can significantly influence your gameplay experience. Understanding how to manage these resources is key.

Types of Rewards

When completing an expedition, players can earn various rewards, including:

- Gold: Used for general purchases and hero upgrades.
- Gems: Premium currency that can be used for special items or hero summons.
- Crafting Materials: Essential for upgrading and crafting new gear.

Resource Allocation

Once you've gathered resources, it's essential to allocate them wisely:

- Prioritize Upgrades: Focus on upgrading the heroes you use most frequently.
- Crafting Gear: Use crafting materials to create new weapons and armor that can enhance your team's effectiveness.
- Save Gems: While it can be tempting to spend gems immediately, saving them for hero summons or special events can yield better long-term results.

Tips for Successful Expeditions

To ensure that your expeditions are as successful as possible, consider the following tips:

1. Diversify Your Hero Roster: Having a wide range of heroes allows you to adapt to different expedition requirements and increases your chances of success.
