Overview of H2O Just Add Water

H2O Just Add Water is an Australian television series that revolves around three teenage girls who gain the extraordinary ability to turn into mermaids whenever they come into contact with water. The show first premiered on Network Ten in Australia on July 7, 2006, and quickly became a hit. It ran for three seasons, totaling 78 episodes, and concluded in 2010.

Plot Summary

The storyline follows Cleo Sertori, Emma Gilbert, and Rikki Chadwick, three girls from the Gold Coast who, after an encounter with a mysterious moon pool, find themselves transformed into mermaids. Each of them has unique powers and experiences as they navigate their new identities while trying to maintain their everyday lives.

- Cleo Sertori: The sensitive and compassionate girl who can manipulate water.
- Emma Gilbert: The responsible and level-headed one who has the power over ice.
- Rikki Chadwick: The fiery and independent spirit with the ability to create fire.

As the series progresses, the girls learn to control their powers while facing various challenges, including the threat of discovery by the outside world, particularly from a scientist named Dr. Denman, who is intent on studying them.
