Step 1: Know the Date of Christmas

Christmas is celebrated on December 25th each year.

Step 2: Determine the Current Date

Check today's date to see how many days are left until Christmas. For instance, if today is October 15th, you will need to count the days from this date to December 25th.

Step 3: Count the Days

You can break it down by month:

- Full Month of November: 30 days

Now, add those numbers together:

- $16 \text{ (October)} + 30 \text{ (November)} + 25 \text{ (December)} = 71 \text{ days until Christmas.}$

Step 4: Convert Days to Weeks

Since there are 7 days in a week, divide the total number of days by 7:
