Step-by-Step Instructions to Make a Rainbow Loom Bracelet

Let's break down the process of making a basic rainbow loom bracelet, specifically the Single Chain design. Follow these steps for a successful crafting experience.

Step 1: Set Up Your Loom

1. Position the Loom: Place your loom in front of you with the arrows facing away. This is important for proper band placement.
2. Choose Your Colors: Select 2-3 colors of rubber bands for your bracelet, which can be arranged in a pattern of your choice.

Step 2: Start Placing the Bands

1. First Band: Take your first rubber band and stretch it from the first peg to the second peg on the loom.
2. Continue Adding Bands: Repeat this process by placing rubber bands from the second peg to the third, and so on, until you've reached the last peg on the loom. Ensure that the bands are placed in a straight line without twisting.

Step 3: Add Additional Layers

1. Layering: Now that you have your first layer, you can add more layers for thickness. Simply repeat the previous step, adding bands over the existing ones.
2. Color Variation: Feel free to alternate colors for a vibrant look.

Step 4: Hooking the Bands

1. Get Your Hook Ready: Once you have placed enough bands, it's time to start hooking.
2. Hooking Process: Starting from the bottom, carefully lift the bottom band over the top band using your hook. Pull it towards the center of the loom. Repeat this process for each peg until you reach the end.
3. Check for Twists: Make sure the bands are not twisted as you hook them.

Step 5: Finishing the Bracelet

1. Remove from Loom: Once you have hooked the final band, gently pull the bracelet off the loom.
2. Secure the Ends: Use a clip to secure the ends of the bracelet to prevent it from

unraveling. Alternatively, you can tie the ends together in a knot for added security.

Step 6: Customize Your Bracelet

1. Add Charms: Consider adding charms or beads to your bracelet for a personal touch.
2. Experiment with Patterns: Mix and match different colors and designs for unique creations.
