Using Your JBL Flip 5

The JBL Flip 5 is designed for easy use, whether you're at home, at a party, or outdoors.

1. Playing Music

- You can play music directly from your connected device through the Bluetooth connection.
- For a more immersive experience, consider connecting multiple JBL speakers using the PartyBoost feature.

2. Connecting Multiple Speakers

- To connect another JBL Flip 5 or compatible JBL speaker:
- Ensure both speakers are powered on and in Bluetooth mode.
- Press the PartyBoost button on one of the speakers.
- Then, press the PartyBoost button on the second speaker.
- You will hear a sound confirmation once they are connected.

3. Taking Calls

- The JBL Flip 5 has a built-in speakerphone.
- To answer an incoming call, simply press the play/pause button.
- To end the call, press the same button again.

Maintaining Your JBL Flip 5

To ensure the longevity of your JBL Flip 5, regular maintenance is essential.

1. Cleaning the Speaker

- Use a soft, dry cloth to wipe down the exterior.
- Do not use harsh chemicals or abrasive materials that may damage the surface.
- If the speaker is wet, wipe it down with a dry cloth and allow it to air dry completely.

2. Storage

- Store the speaker in a cool, dry place when not in use.
- Avoid exposing it to extreme temperatures or humidity.

3. Battery Care

- Avoid letting the battery completely discharge frequently; this can shorten its lifespan.
- Charge the battery regularly, but do not leave it plugged in for extended periods once fully charged.

Troubleshooting Common Issues

Even the best devices may encounter issues. Here are some common problems and their solutions:

1. Speaker Won't Power On

- Check the battery: Ensure that the speaker is charged. Connect it to a power source and wait for a few minutes before trying again.
- Reset the speaker: If it still doesn't power on, try resetting by pressing and holding the power button for 10 seconds.

2. Bluetooth Connectivity Issues

- Reboot your devices: Restart both the JBL Flip 5 and the device you're connecting to.
- Forget the device: On your smartphone or tablet, go to Bluetooth settings and forget the JBL Flip 5. Try reconnecting it.

3. Poor Sound Quality

- Check the volume: Make sure both the speaker and the connected device are not muted or set too low.
- Interference: Move away from other electronic devices that may cause interference.
